

# SÉNUVO BODY SIMs™ FOR PERFORMANCE

## Discover Increased Energy, Stamina and Endurance

It doesn't matter if you are an Olympic athlete, playing city league sports or trying to keep up with your hectic schedule, everyone wants to perform at their best. As a society, we have tried everything from energy drinks, sugar, coffee, diets, steroids, pills and supplements to help our bodies perform at maximum capacity. Unfortunately, these "solutions" simply don't work and they produce many dangerous side effects. Because they are stimulants, they make you "crash," leaving you with even less energy than before.

### SÉNUVO BODY SIMs™ - THE FUTURE IN HEALTH AND WELLNESS

Sénuvo Body SIMs™ for Performance naturally increase energy, stamina and endurance. Sénuvo Body SIMs use electromagnetic waves to safely stimulate acupoints that enhance the body's natural ability to heal. According to recent studies, acupuncture is used regularly in athletes to help relieve pain from injury, recover from fatigue and reduce soreness. Studies also show athletes experience greater strength, increased power, improved flexibility and faster times after incorporating acupuncture into their training regimen.<sup>1</sup>

"I broke my neck over two years ago in a snow skiing accident. I was on life support for three months. One doctor told me I would never use my arms or legs again. I started rehabilitation but only had minor movement. My doctor started using the Sénuvo Body SIMs for Performance during sessions. I was able to use my legs. We saw a profound effect in my muscle strength and performance. Now every week I'm really excited to see progress in my body."

# THE POWER OF SÉNUVO BODY SIMs™

## TESLA WAVES

Nikola Tesla was one of the most innovative scientists in history. His inventions include electric motors, Tesla coils and advancements in electricity, radio and remote controls. Tesla's research built a framework for modern day science. Tesla believed that everything in the Universe was made of waves of energy, frequency and vibration. At the time, no one believed Tesla but now science has proven him right. Just think about light waves, sound waves, radio waves, frequency and vibration.

“If you want to find the secrets of the Universe, think in terms of energy, frequency and vibration.”

- NIKOLA TESLA

## THE MERIDIAN SYSTEM

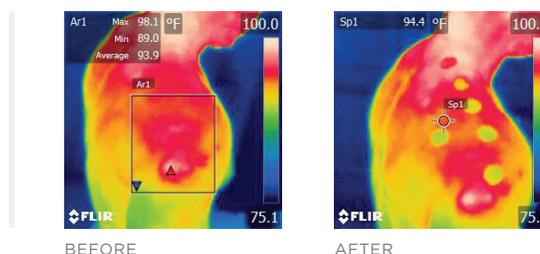

Acupuncture is a Chinese healing technique that has been used for over 3,000 years. In 1997, the U.S. National Institute of Health recognized acupuncture as an effective treatment option for better health. Acupuncture improves the body's ability to heal itself by stimulating specific pressure points called acupoints. Acupoints are part of a complex network of electrical pathways known as the Meridian System. The Meridian System carries energy and information throughout the body. Injury, illness, stress, even pollution can obstruct these pathways, blocking the body's ability to heal and perform at its best. Acupoints can be stimulated with needles, pressure, heat and electrical stimulation, clearing pathways and improving overall health and wellness.

## SÉNUVO BODY SIMs

Today, scientists understand that waves or frequencies affect the human body. For example, sunlight causes the human body to naturally produce vitamin D. Using cutting-edge research, Sénuvo Body SIMs™ (Synergy Infused Modulator) store electromagnetic waves with specific frequencies to produce a desired effect within the human body. Body SIMs safely stimulate acupoints. They are drug-free, chemical-free, and non-habit forming. Body SIMs are safe because they don't interact with medications, supplements or health concerns. Sénuvo Body SIMs are easy to use, produce quick results, and have no side effects. The medical grade adhesives used are hypoallergenic and won't irritate sensitive skin.

## USAGE

Apply Sénuvo Body SIMs to clean, dry skin on area of the body suggested by the Meridian System. If necessary, secure Body SIMs with tape or bandage. Use up to three days, then replace.
