

SÉNUVO BODY SIMs™ FOR WOMEN

Improve Mood, Desire and Arousal

The Mayo Clinic defines female sexual dysfunction as “persistent, recurrent problems with sexual response, desire, orgasm or pain.” The clinic goes on to explain that female sexual health is extremely complex because it is affected by a woman’s health, emotions, body image, stress, hormones, experiences, beliefs, lifestyle and relationships.¹ Most women experience concerns with their sex life, especially when their hormones are out of balance during pregnancy, childbirth and menopause. As a result, 43% of women report difficulty in their sex life!²

SÉNUVO BODY SIMs™ - THE FUTURE IN HEALTH AND WELLNESS

Sénuvo Body SIMs™ for Women improve mood, desire and arousal. Sénuvo Body SIMs use electromagnetic waves to safely stimulate acupoints that enhance the body’s ability to heal itself. Acupuncture has been used to promote sexual health for centuries. Specific acupoints are stimulated to alter chemical and physiological processes in the body.³ Acupuncture also improves mood while enhancing sensuality, romance and arousal.⁴ Let Sénuvo Body SIMs for Women help you reach a more fulfilling sexual experience today.

“Being healthy is very important to me. One of my clients introduced me to the Sénuvo Crystals. Then I had my wisdom teeth pulled. The doctor gave me an antibiotic for infection but I didn’t want to take any drugs. Instead, I decided to take the Sénuvo Crystals. The dentist was very surprised to see my mouth was completely healed. Since I had such a great experience, I tried Sénuvo Purify and Sénuvo Body SIMs for Weight Management. I lost a lot of weight. Now I can go hiking! I love all of the Sénuvo products and I love sharing them because I know Sénuvo will help people just like it helped me!”

THE POWER OF SÉNUVO BODY SIMs™

TESLA WAVES

Nikola Tesla was one of the most innovative scientists in history. His inventions include electric motors, Tesla coils and advancements in electricity, radio and remote controls. Tesla’s research built a framework for modern day science. Tesla believed that everything in the Universe was made of waves of energy, frequency and vibration. At the time, no one believed Tesla but now science has proven him right. Just think about light waves, sound waves, radio waves, frequency and vibration.

“If you want to find the secrets of the Universe, think in terms of energy, frequency and vibration.”

THE MERIDIAN SYSTEM

Acupuncture is a Chinese healing technique that has been used for over 3,000 years. In 1997, the U.S. National Institute of Health recognized acupuncture as an effective treatment option for better health. Acupuncture improves the body’s ability to heal itself by stimulating specific pressure points called acupoints. Acupoints are part of a complex network of electrical pathways known as the Meridian System. The Meridian System carries energy and information throughout the body. Injury, illness, stress, even pollution can obstruct these pathways, blocking the body’s ability to heal and perform at its best. Acupoints can be stimulated with needles, pressure, heat and electrical stimulation, clearing pathways and improving overall health and wellness.

SÉNUVO BODY SIMs

Today, scientists understand that waves or frequencies affect the human body. For example, sunlight causes the human body to naturally produce vitamin D. Using cutting-edge research, Sénuvo Body SIMs™ (Synergy Infused Modulator) store electromagnetic waves with specific frequencies to produce a desired effect within the human body. Body SIMs safely stimulate acupoints. They are drug-free, chemical-free, and non-habit forming. Body SIMs are safe because they don’t interact with medications, supplements or health concerns. Sénuvo Body SIMs are easy to use, produce quick results, and have no side effects. The medical grade adhesives used are hypoallergenic and won’t irritate sensitive skin.

USAGE

Apply Sénuvo Body SIMs to clean, dry skin on area of the body suggested by the Meridian System. If necessary, secure Body SIMs with tape or bandage. Use up to three days, then replace.

Subject with intense shoulder pain (LEFT) observed significantly less discomfort and inflammation less than 30 minutes after applying Sénuvo Body SIMs for Discomfort (RIGHT).
